Design Speaks:

Our Houses

A conversation between architects and their clients

Go behind the scenes to hear how two Melbourne-based architects and their clients have worked to adapt existing homes to suit the way we live today.

OLA STUDIO has created a solid yet flexible extension to an 1800s Melbourne home for restaurant owners Vanessa and Jesse Gerner (Bomba, Green Park). **PHIL SNOWDON** of **OLA STUDIO**, along with Vanessa, will discuss the story behind this design.

The indoor and outdoor spaces of a single-level Victorian terrace have been cleverly stitched together via a timber trellis, designed by **FMD ARCHITECTS**. With her client Pam Mitchell, **FIONA DUNIN** of **FMD ARCHITECTS** will describe the design process of this alteration and addition.
