Design Speaks:

Our Houses

A conversation between architects and their clients

Go behind the scenes to discover how two architects and their clients have negotiated issues of site, climate, sustainability, history and context to create homes that reflect the way we live today.

PETER STUTCHBURY of **PETER STUTCHBURY ARCHITECTURE**, the architect behind the 2014 Houses Awards' Australian House of the Year, will discuss the Light House, a sculptural home that sits on the edge of a cliff face.

GRAHAM NOTTLE of **ARKHEFIELD** shares how collaboration between architect and client has resulted in the texturally rich Hunters Hill House, where each room has a direct connection to the garden.
