Integrity in practice, process and projects

Saturday, 10 June 2023

LEARNING OUTCOMES

Participants who attend AA Roundtable: Integrity in practice, process and projects will be able to:

- Reflect on communication strategies between client, architect, stakeholders and consultants that seek to ensure the intent of the design is achieved.

AACA Competencies: Project Initiation and Conceptual Design: PC23, PC24, PC34.

- Recall precedents that demonstrate design integrity in regards to context and culture.

AACA Competencies: Project Initiation and Conceptual Design: PC25, PC26.

- Understand how both Indigenous and non-Indigenous architects can advocate for better design processes and outcomes.

AACA Competencies: Project Initiation and Conceptual Design: PC27.

- Compare and consider interdisciplinary design approaches and their role in the future of architecture.

AACA Competencies: Project Initiation and Conceptual Design: PC18.

FORMAL ASSESSMENT

- Identify two challenges in architectural practice that are shared between Australia and New Zealand.

- Discuss the future of the 'narrative' in the design process.

- List what you consider to be three key points discussed in this roundtable.

- Were there any issues raised that you feel require further exploration or discussion?

- Describe how the material presented in this roundtable will directly influence your design practice.

- Recall a specific speaker who challenged you to think differently about design integrity in architecture.

NOTE: Attendance certificates will be issued via email in the days preceding the event. Please print a copy to be validated at the conclusion of the event on 10 June 2023.
