AACA Competencies (2021 NSCA): Project Initiation and Conceptual Design; PC19, PC20.

- Speculate on possible futures of design for residential projects.

AACA Competency (2021 NSCA): Project Initiation and Conceptual Design; PC30.

- Analyse different design options that provide diverse and adaptable spaces in a home.

AACA Competency (2021 NSCA): Project Initiation and Conceptual Design; PC24.

- Identify ways in which challenging sites/briefs can lead to innovative and unique solutions in housing.

AACA Competencies (2021 NSCA): Project Initiation and Conceptual Design; PC26, PC29.

FORMAL ASSESSMENT

- Compare how the two projects designed adaptability into the plan.

- What were some of the challenges faced by the presenting architects and their clients, and how were they addressed?

- What conventional ideas about housing design did these two projects rethink?

- List three new design solutions, learnt through the presentations, that you will consider and develop in your future work.

- Identify a specific strategy for client collaboration that you have learnt from the presentations.

NOTE: Attendance certificates will be issued via email in the days preceding the event. Please print a copy to be validated at the conclusion of the event on Thursday 17 October.
