FORMAL
CPD POINTS

Australian Institute of Architects

LEARNING OUTCOMES

Participants who attend The Architecture Symposium: Housing Futures – Session 4 will be able to:

- Reflect on the way architects are engaging with small lot housing projects and consider the interaction between compact housing, planning legislation and community attitude.

AACA Competency: Design, Conceptual Design, 3.1; Detailed Design 5.3

- Consider how an understanding of the apartment typology might inform the design of small lot dwellings.

AACA Competency: Design, Pre Design, 2.2; Schematic Design 4.3; Detailed Design 5.2

- Explain how compact housing solutions can help meet the challenges of an aging population and shifting demographic.

AACA Competency: Design, Project Briefing 1.7; Conceptual Design 3.1; Schematic Design 4.2

FORMAL ASSESSMENT

- Describe one small lot housing project presented. How did the architect negotiate planning codes and/or client expectations?

- How might you change planning codes to allow more small houses?

- How can an understanding of apartment typologies inform the design of small lot dwellings?

- Describe the impact that the material raised in this session will have on your workplace and the future practise of architecture in Australia.

- Identify a specific presentation that challenged you to think differently about contemporary Australian architecture.

- Were there any issues raised that you feel require further discussion or exploration?

NOTE:

Following completion of the symposium and when your attendance is verified by the platform's analytics, you will be emailed your attendance certificate(s). This is not an automated process, so please allow time for these to be issued. For delegates who will be viewing sessions on demand, after the live dates, certificates will not be issued until after 11 January 2021.
