The Architecture Symposium: Small

6, 13 and 20 October 2021

LEARNING OUTCOMES

Participants who attend The Architecture Symposium: Small 2021 will be able to:

· Interrogate the way in which individual works of architecture contribute to the civic whole.
AACA Competency: Design, Project Briefing 1.6; Design, Conceptual Design 3.3, 3.6.

· Identify and assess materials and building techniques that benefit both architectural design and the environment.
AACA Competency: Design, Schematic Design 4.3, 4.6; Documentation, Detailed Design 5.1, 5.6

· Speculate on and critique design strategies and policies that impact small scale projects in Australia.
AACA Competency: Design, Project Briefing 1.4; Design, Pre Design 2.2; Design, Conceptual Design 3.4

· Compare specific examples of projects presented by practitioners and consider how they are challenging the field of architecture in Australia.
AACA Competency: Design, Conceptual Design 3.4; Design, Schematic Design 4.1, 4.2

FORMAL ASSESSMENT

· What is an example of a small scale design strategy discussed in this symposium that has had a large-scale impact on its surrounding context?

· Identify two ways building materials can be thoughtfully utilised to have a beneficial impact on the environment, built context and community.

· Compare the outcomes of two projects discussed in this symposium that involved collaboration through the design process.

· Recall a specific speaker that challenged you to think differently about the meaning of small-scale design in Australia.

· What are two new considerations for small-scale designs that have arisen in recent years?

· Speculate on possible design considerations for small-scale projects that may arise over the next ten years.

· Describe a specific finding presented at the symposium that will directly influence your design practice.

· Were issues raised that you feel require further discussion or exploration?

NOTE:
Attendance certificates will be issued via email from 22 November 2021, pending verification of your attendance by the platform's analytics. This is not an automated process, so please allow time for these to be issued.
