

# ArchitectureAu Asks

Friday, 8 November 2024

## LEARNING OUTCOMES

Participants who attend ArchitectureAu Asks on Friday 8 November 2024 will be able to:

- Evaluate the impact of regulatory controls, stakeholder relationships and economic factors on existing and future architectural outcomes.

AACA Competencies (2021 NSCA): Practice Management and Professional Conduct; PC3, PC12. Project Initiation and Conceptual Design; PC20, PC32.

- Speculate on various design solutions that can lead to environmentally, economically and socially responsible projects.

AACA Competencies (2021 NSCA): Project Initiation and Conceptual Design; PC29, PC30.

- Evaluate the relevance of local and international precedents to conceptual design ideas.

AACA Competencies (2021 NSCA): Project Initiation and Conceptual Design; PC18, PC25, PC26.

- Speculate on modes of practice that integrate diverse knowledge.

AACA Competencies (2021 NSCA): Practice Management and Professional Conduct; PC8. Project Initiation and Conceptual Design; PC27. Detailed Design and Construction Documentation; PC36.

## FORMAL ASSESSMENT

- Recall three kinds of neighbourhood “social anchors” identified in the presentations.
- Identify and describe two form-making strategies that facilitate engagement with the public street.
- Explain the key differences between public, social and affordable housing.
- List one of the challenges to creating amenable housing and consider how this barrier might be overcome through design.
- Recall one of the precedents presented and describe its value to contemporary urban placemaking in Australia.
- Outline how you might adapt your design process and/or mode of practice to better engage with First Nations knowledge.
