Health Care / Health Design Session 3 – Hospitals of the Future: Designing for Innovative Healthcare

Tuesday, 17 October 2023

LEARNING OUTCOMES

Participants who attend Health Care / Health Design 2023 – Session 3 will be able to:

- Understand and speculate on possible future trajectories of a hospital precinct brief.

AACA Competencies: Project Initiation and Conceptual Design, PC25, PC26.

- Evaluate a hospital project's amenities and efficiencies in relation to relevant cultural, social and economic factors.

AACA Competencies: Project Initiation and Conceptual Design, PC29, PC30.

- Recall and explore information and design strategies that seek to create a more sustainable healthcare precinct.

AACA Competencies: Practice Management and Professional Conduct; PC10. Project Initiation and Conceptual Design; PC31.

FORMAL ASSESSMENT

- Compare two design outcomes discussed in this session that were a direct result from influential contextual factors.
- What might be two new considerations for architects when designing future hospital precincts?
- Identify a specific speaker that challenged you to think differently about the design of a hospital precinct.
- Give an example of a design strategy discussed in this session that could be adapted to an Australian context.
- Describe how the material presented in this session will directly influence your design practice.
- Were there any issues raised in this session that you feel require further exploration?

NOTE: Attendance certificates will be issued via email from 22 November 2023.
