

Design Speaks.

Health Care / Health Design Session 1 – Access All Areas: Designing for Ageing

15 June 2021

LEARNING OUTCOMES

Participants who attend Health Care / Health Design 2021 – Session 1 will be able to:

- Identify key issues affecting the future of aged care design in Australia.

AACA Competency: Design; Conceptual Design: 3.3

- Compare case study aged care projects from across the sector.

AACA Competency: Design; Conceptual Design: 3.2

- Speculate on possible futures for aged-care design in Australia.

AACA Competency: Design; Project Briefing 1.2

- Recall findings from the research presented in this session addressing the aged care needs of specific groups of people, including people living with dementia and Aboriginal and Torres Strait Islander people.

AACA Competency: Design; Schematic Design: 3.2

FORMAL ASSESSMENT

- Identify three key issues, as presented by the speakers, that are currently influencing and shaping the future of aged care in Australia.

- Identify a specific speaker that challenged you to think differently about the trajectory of aged-care design in Australia.

- What are some of the specific considerations needed for aged-care residential facilities for people living with dementia?

- What is an example of a design strategy that was undertaken in an international context and could be explored and adapted to an Australian context?

- Describe some of the considerations that should be made when designing aged care facilities for Aboriginal and Torres Strait Islander people.

- Were there any issues raised in this session that you feel require further exploration?

NOTE:

Following completion of the symposium and when your attendance is verified by the platform's analytics, you will be emailed your attendance certificate(s). This is not an automated process, so please allow time for these to be issued. For delegates who will be viewing sessions on demand, after the live dates, certificates will not be issued until after 26 July 2021.
