Alternative Housing Models

May – August 2022

LEARNING OUTCOMES

Participants who attend Alternative Housing Models (Design Speaks Collection Season One 2022) will be able to:

- Understand the current status of alternative housing financing and procurement models and assess their applicability, strengths and weaknesses.

AACA Competency: Practice Management and Professional Conduct; PC9, PC11.

- Describe the role of socially oriented impact investors with reference to specific projects

AACA Competency: Project Initiation and Conceptual Design; PC19, PC20.

- Assess the potential architectural strategies enabled by alternative housing delivery models

AACA Competency: Project Initiation and Conceptual Design; PC24, PC25

- Describe the potential impact of Baugruppen, or other alternative delivery models, on housing in Australia. What are the architectural possibilities enabled by alternative models?

- What barriers are there to delivering housing at scale via non-market delivery models?

- Can such models make a greater contribution to the public realm, while simultaneously delivering improved housing?

- Describe the impact that the material raised in this session will have on your workplace and the future practise of architecture in Australia.

- Identify a specific presentation that challenged you to think differently about contemporary Australian architecture.

- Were there any issues raised that you feel require further discussion or exploration?
