

Design Speaks Collection Season Three.

Beyond the Building: Making versus Taking

August 2023 – January 2024

LEARNING OUTCOMES

Participants who attend Beyond the Building: Making versus Taking (Design Speaks Collection Season Three 2023/2024) will be able to:

- Speculate on the trajectories of sustainable design in the field of architecture in Australia.

AACA Competencies: Practice Management and Professional Conduct: PC10, Project Initiation and Conceptual Design: PC24.

- Understand the opportunities and challenges impacting architecture and urbanism across Australia.

AACA Competency: Practice Management and Professional Conduct: PC3.

- Identify and assess materials and building techniques that seek to benefit both architectural design and the environment.

AACA Competencies: Project Initiation and Conceptual Design: PC28, PC31.

FORMAL ASSESSMENT

- Describe three key issues raised by the speakers in this session.
- Identify two theories or ideas explored through unbuilt design schemes and consider how they aim to contribute to society beyond their footprint.
- Compare specific examples of projects presented by practitioners that aim to address the challenges of the built environment.
- Recall a specific speaker that challenged you to think differently about social and environmental responsibilities of architecture.
- Were issues raised that you feel require further discussion or exploration?
- Describe how the material presented in this session will directly influence your design practice.

NOTE:

Attendance certificates will be issued via email from 23 January 2024 pending verification of your attendance by the platform's analytics. This is not an automated process, so please allow time for these to be issued.
