Participants who attend Beyond the Building: Masterplan / Microplan (Design Speaks Collection Season Three 2023/2024) will be able to:

- Speculate on design strategies and their contribution to the city across different scales.

AACA Competencies: Project Initiation and Conceptual Design: PC24, PC34.

- Compare design interventions and their consideration of the human scale.

AACA Competencies: Project Initiation and Conceptual Design: PC29, PC30.

- Recall how specific examples of projects presented in this session are influencing critical design thinking in the field of architecture in Australia.

AACA Competency: Project Initiation and Conceptual Design: PC25.

FORMAL ASSESSMENT

- Identify three design interventions at the micro scale that evolved as a response to design moves at the macro scale.

- Compare two design strategies from projects discussed in this session that simultaneously considered both the micro and macro scales.

- What are some of the challenges involved when working and thinking across scales?

- Identify a specific speaker that challenged you to think differently about designing at different scales.

- Were issues raised that you feel require further discussion or exploration?

- Describe how the material presented in this session will directly influence your design practice.

NOTE:

Attendance certificates will be issued via email from 23 January 2024 pending verification of your attendance by the platform's analytics. This is not an automated process, so please allow time for these to be issued.
