## LEARNING OUTCOMES

Participants who attend Beyond the Building: Ripple Effects (Design Speaks Collection Season Three 2023/2024) will be able to:

- Understand how public projects can influence change at both a local and national scale.  
AACA Competencies: Project Initiation and Conceptual Design: PC24, PC25.
- Identify and compare innovative design strategies for public projects that aim to contribute to the civic whole.  
AACA Competency: Project Initiation and Conceptual Design: PC18.
- Speculate on possible futures of design for public projects.  
AACA Competency: Project Initiation and Conceptual Design: PC34.

## FORMAL ASSESSMENT

- Identify three ways a public project, discussed in this session, has influenced the transformation of its built and social context.
- What are two new considerations for public projects that have arisen in recent years?
- What is an example of a design strategy discussed in this session that has synthesized two conflicting factors?
- Recall a specific speaker that challenged you to think differently about the relationship between public projects and their contexts.
- Were issues raised that you feel require further discussion or exploration?
- Describe how the material presented in this session will directly influence your design practice.

### NOTE:

Attendance certificates will be issued via email from 23 January 2024 pending verification of your attendance by the platform's analytics. This is not an automated process, so please allow time for these to be issued.
